Request for revision of rates for purchase of shoes reg.

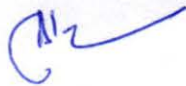

Sir,

Kindly refer letter no. A.60011/33/2014/HRPC, dated 30th May, 2014 regarding re-imburement of stitching charges of AAI service uniform including uniform, dangree, shoes (male), sandle/belly (female) and socks. At the time of revision of items, all associations had requested to enhance this amount. However, AAI management had adopted these rates based on the market survey and input from some of the employees and other relevant factors.

It is worth to mention that the profitability of organization has gone up significantly since 2014. As such, it is the expectations of all employees to get better quality uniform materials comparable to what is given in other public sectors. In spite of our discussions on this issue, to our utter surprise, management has prevailed on the rates which are applicable on 2014, which is a cause of great disappointment among the employees.

It is requested to revise the rates of re-imburement for shoes, belly, sandle and socks for male and female employees immediately and constitute a committee for revision of other items.

With warm regards,
