Sub : Urgent need for COVID-19 Vaccination for ATCOs

Sir,

Reference may please be made to Circular no. Z-15020/12/2021-Admin dt.07.04.2021 regarding COVID-19 Vaccination camp at CHQ for employees above the age of 45 years, the copy of the circular has been distributed to RED (NR) for similar action at RHQ (NR).

In this regard, we would like to bring to your kind notice that Air Traffic Controllers, the frontline workers of AAI have provided their services to the organization and to the Nation with utmost sincerity during the lockdown period and thereafter. These hardworking professionals are the pillars of Indian Aviation and needs to be kept safe from the spread of pandemic and hampering the provision of ATS services. If an ATCO gets infected with COVID-19 then the whole shift has to go in isolation which will have a direct bearing on smooth run of operations and aircraft safety.

It is worth to mention that many private Airport Operators have already completed vaccination drive in their company for operational staff without any age bar.

In view of the above facts, it is requested that the necessary instructions may please be issued to all HODs for vaccination of Air Traffic Controllers and other operational staff without any age bar at all stations on an urgent basis to avoid any impact on operations during the current outbreak of COVID-19.

Assuring you our best cooperation.

Regards

(Alok Yadav)
General Secretary
