Respected Sir,

ATC Guild (I), CATC Branch appreciates your sincere and proactive approach towards overall development of ATM training at CATC.

We are glad that new Surveillance and Aerodrome Visual Simulator are coming up at CATC soon which will enhance training capacity and support the ICAO NGAP initiative. The existing Instructors/manpower available at CATC will not be sufficient to cater the requirement of training activities in view of this development. This point has been raised by the members during the General body meeting of ATC Guild (I), CATC Branch which was held on 10.10.2018.

The house requested to take up the matter with the management and accordingly a committee formed by the house has given their report for future manpower requirement.

Accordingly the said report is enclosed and submitted herewith for information and necessary action. It is also requested to take up the matter with CHQ so that additional manpower will be available in ensuing transfer season.

Thanking you with promise to co-operate in efforts to improve and fulfill Organizational goals and objectives.

Encl: Committee Report.

Yours faithfully,
