**CATC BRANCH, ALLAHABAD**

Ref. No. ATC Guild (India)/CATC/2018-20

Date: 05.12.2018

To,  
The Executive Director/Principal,  
Airports Authority of India,  
Civil Aviation Training College,  
Allahabad-211012

**Sub: Request to address the issue of Sanitation at CATC Hostel-reg.**

Respected Sir,

ATC Guild (I), CATC Branch is committed to extend full support and cooperation for your sincere efforts towards organizational improvements specifically in environment management system. The recent Tree Plantation Drive may play a significant role in getting **ISO 14001:2015** certification for CATC.

It has been learned from the Ab-initio trainees who are staying at hostel (Godavari Block) that the urinal pots of toilet (**TB 3212**) become choked repeatedly once the same are used. Subsequent to the complaint by the trainees some maintenance works have been done but, after one or two days the problem recurs.

We have checked the complaint register as well as the spot physically and observed that the disposal pipes are very old or inadequate in diameter, due to which the problem recurs. It has also been noticed that ceiling of toilet is having water seepage and water droplets were dripping upon electrical fittings which may lead to dire consequences at any time.

The trainees have also shown us that an underground drainage /septic tank in front of cafeteria was overflowing with dirty water.

It is requested to kindly look into the above issues so that the problems are addressed at the earliest.

Thanking you with promise to co-operate in efforts to improve and fulfill Organizational goals and objectives.

Yours faithfully,

(ARUNA KUMAR YADAV)  
Branch Secretary  
ATC Guild (I), CATC Branch
