Sub: Regarding Incident happened in AAI Colony at Mumbai

Sir,

Air traffic controllers and their families, all over the northern region are shocked and worried on Mumbai incident happened 18th-Nov-2018. They all are having a feeling of embarrassment and shameful. Earlier also, these issues were raised many times by residents of AAI Colony at Mumbai like theft, manhandling, vulgar comments, unbearable inconveniences and creating nuisance by slum dwellers but no action was taken so far by management.

Today, In REC-NR meeting, Regional Executive Council decided that if the suitable action will not be taken against those Slum dwellers by today i.e. 20-11-2018 then we will raise it on larger scale in northern region and will follow the directives issued by Central Executive Council ATC Guild (I).

Thanking you and assuring you best of co-operation all the times.

With Regards,

K.P. Singh
