Kanpur, Khajuraho, Lucknow, Ludhiana, Pantnagar, Shimla, Srinagar, Udaipur & Varanasi.

Subject: Conclusion of REC Election 2018

Elections for the Regional Executive Council, Northern Region were concluded yesterday. The election commission appreciates the overwhelming response of the members who participated actively and the also the field stations which participated with equal zeal to make this event successful. The elections were conducted for the post of regional secretary only as the other posts had unopposed candidates. The ballots from field stations and postal ballots would take about 8 to 10 days to reach us and we would do the counting and declare the results as per the schedule.

As every big event sees some upsides and some downsides, we were no exception and we took this opportunity to learn a lot of things which would improve with time. The process involved a lot of planning, coordination and execution, the members of the election commission took a lot of pain to take out time from their never ending schedule of office and home to conduct the elections smoothly. The local secretaries are also to be appreciated for their efforts to make it a seamless affair. There were lot of other valuable suggestions from our members which we tried to incorporate in the process. We introduced a system of postal ballot through e-mail this time which had a lot of takers and we consider it to refine it in the next elections. There was a confusion about the membership of some members till the last moment which we presume would not be repeated in the next elections.

*The members must be having different views and different likings for the candidates but whosoever wins has only one aim in mind ie. betterment of ATC, its members and to make the guild Strong. We respect and salute the democratic philosophy of our ATC Guild.
"LONG LIVE ATC GUILD"*
